# ASI KIDS - INDOOR PLAY SERIES

THEMED CLIMBING WALL

We offer a variety of indoor play systems customised to suit any theme, size, age group, and location geometry. When realising attractions for adventurous kids full of passion and energy, safety and materials of construction used are of paramount importance. Our modular play systems are built to conform to international safety laws and standards governing the business.

Please provide us with your specific requirements and we will realise a design to suit.
