

## **Target Bravo: Operation GHOST 55" Upright – Finally an Upright Shooting Video Game that appeals to players of all ages**

Target Bravo 55" Upright has been filling a gap in the Leisure & Entertainment Industry Market that's been missing for years now. Especially popular with students, the Amusement Industry has welcomed this upright shooter with a small footprint as the market was glutted with too many oversized theater cabinet versions.

Based on customer feedback, the game is addictive, interactive & highly engaging with players using precision shooting & quick reactions to complete the game! Operators have been happy to report a steadily increasing revenue stream!

Target Bravo is the definitive version of Operation GHOST, the official sequel to Sega's GHOST Squad. It let's you choose the level and has a fun Time Attack mode where you have to complete different objectives within a set amount of time.

This mode is especially entertaining with two players. The game puts players in the shoes of highly trained Special Force Agents & players now have brand new weapons at their disposal in this new 55" LED-lit, UPRIGHT edition of an evergreen franchise.

Players can start at any stage of the 6 missions in this game, thereby encouraging them to come back and play their favorite stages again and again. We don't need to tell you this means Repeat Play and more revenue! Theater enhanced surround sound add to the overall game play experience.
